NGBS Green Certificate #NGBSGCP-000099

Products: Style Crest RMC Siding™ and Soffit

Manufacturer: Style Crest®

The product(s) shown on this report have been independently verified as eligible products for use in achieving points toward project certification under ICC-700 National Green Building Standard. Home Innovation Research Labs authorizes accredited verifiers to award points toward certification without additional documentation when the product(s) is used as noted below.

2015 NATIONAL GREEN BUILDING STANDARD			
PRACTICE #	PRACTICE DESCRIPTION	POTENTIAL POINTS AVAILABLE	ADDITIONAL CONDITIONS OF USE TO AWARD POINTS
2015 NGBS 601.7	Prefinished building materials or assemblies listed below have no additional site-applied finishing material are installed.	1,2,5	For 5 points, 90% or more of the installed wall coverings must be this product. For 2 points, 50-90% of the installed wall coverings must be this product. For 1 point, at least 35% must be this product.
2015 NGBS 602.1.6	Termite-resistant materials are used in portions of the building.	2-6	To earn 2 points, product is used in conjunction with other termite-resistant materials for the first 2' of all the foundation, floor, and structural wall, wall cladding, and exterior deck components in zones with slight to moderate termite infestation. Four points are awarded when used in conjunction with other termite-resistant materials for the first 3' in moderate to heavy termite zones, and 6 points are awarded for use with other termite-resistant materials for all of the foundation, floor, and structural wall, wall cladding, and exterior deck components in areas of very heavy termites.
2015 NGBS 604.1	Building materials with Recycled content are used for at least 2 major or 2 minor components.	1-4	This product is used in conjunction with another major product with recycled content.

2020 NATIONAL GREEN BUILDING STANDARD			
PRACTICE #	PRACTICE DESCRIPTION	POTENTIAL POINTS AVAILABLE	ADDITIONAL CONDITIONS OF USE TO AWARD POINTS
2020 NGBS 601.7	Prefinished building materials or assemblies listed	1, 2, 5	For 5 points, 90% or more of the installed wall coverings must be this product. For 2 points, 50-90% of the installed wall coverings must be this product. For 1 point, at least 35% must be this product.
2020 NGBS 602.1.6	Termite-resistant materials are used in portions of the building.	2-6	To earn 2 points, product is used in conjunction with other termite-resistant materials for the first 2' of all the foundation, floor, and structural wall, wall cladding, and exterior deck components in zones with slight to moderate termite infestation. Four points are awarded when used in conjunction with other termite-resistant materials for the first 3' in moderate to heavy termite zones, and 6 points are awarded for use with other termite-resistant materials for all of the foundation, floor, and structural wall, wall cladding, and exterior deck components in areas of very heavy termites.
2020 NGBS 604.1	Building materials with recycled content are used for two minor and/or two major components of the building. 1-6 points available.	1-4	Points awarded for 2 products w/ recycled content. For 4 point, this product and another product with at least 75% recycle content must be used for major components of the building. Lesser points available for lower recycled content in the second product or for use as a minor component.
